Conor Foley — National Organiser

Dr. Alan Clinton

26 . 11 . 90

Dear Alan,

Thank you for your letter of 16 October and the donation enclosed. Apologies for this belated reply: our national conference, a trade union seminar, a trade union pack and a pamphlet prevented me from writing earlier.

Our revisionist briefing provoked a considerable response, presumably in recognition of how much ground the new school has gained. I strongly agree with you that it throws up an intellectual challenge to us which we have been generally slow to meet. I am enclosing a few back copies of the Irish Democrat which attempt to address some of the issues involved. The articles in our July and October issues may be of particular interest.

Best wishes and again many thanks,

Conor Foley
