Dear Frances Morrell,

I have been asked by the Islington branch of the Irish in Britain Representation Group to request a further meeting with you and also Andy Harris and Bob Crossman. We particularly want to take up the idea of a Teaching and Resource Centre we raised last time. You suggested we 'leave it with you'.

I enclose a document that outlines our major demands. It also goes on to deal with the question of the inadequacy of constituting the Irish (or Asians and Afro-Caribbean people) as yet another "ethnic minority". We prefer the term "colonial minority" and provide a brief account of Irish migration and anti-Irish racism.

Please let me know at your earliest convenience possible dates for a meeting.

With best wishes,

Mary Hickman
