Dear Mr. Armour,

I have been instructed to invite you to become a member of the Publicity Committee of the Anti-Partition of Ireland League.

The Publicity Committee includes some well known Irish and one well known English writer and is to undertake a propaganda campaign with a view to informing the British public of the facts with regard to the Partition of Ireland. It is felt that with your experience and qualifications your co-operation to this end would be very valuable and the Provisional Executive trusts that you will accept the invitation to help in bringing to fruition the work they have undertaken.

Yours truly,

Hon. Secretary of the  
Anti-Partition of Ireland League,
