Dear Tom,

I have been hoping to see something of you but as time seems to be slipping by without that coming about I thought I had better write.

My particular bee at the moment is that I want to put you into touch with Mrs. Boland, a lady who had done an enormous lot of work for us in the old days & is anxious to do some more now. Her address is:-

Phone. LAD. 2122.

I hope you will phone her at that address as she has an interesting scheme to put before you.

Yours sincerely,

H. A. Bunnan.
