J. J. Gibby, Esq.

Dear Mr. Gibby,

Please inform me officially if there is any Communist element, or advocates of bomb-throwing, in the Anti-Partition League, particularly on the Committee. Both ideas are absolutely anti-Irish & anti-Catholic in my experience after traversing the World, particularly Spain, for over forty years.

I think the Committee should have organised a really National function on St. Patrick's Night, & have started an Anti-Partition platform in Hyde Park to counteract the disgraceful little Riquarts who disgraces our Flag at present.

Your reply will oblige, Yours truly,

J. J. Gibby, Esq.
