Ar.T. Austing, Esq.,
c/o The Public Library,
Colchester.

Dear Sir,

I am in receipt of your letter of May 23rd and I shall be very happy to come down to Colchester, as you suggest, on Tuesday, June 13th for a lunch talk to your members on "What Eire is thinking". I note that your members would like to hear what the view of the Irish people are with regard to relations with England and other European countries. I shall endeavour as best I can to explain the point of view of the Irish-man--in-the--street.

Perhaps you will be good enough to forward me later particulars about time,venue,etc, of the meeting

Yours faithfully,

J.O. Barry-Walsh
