Protest against this Persecution on your own doorstep

450,000 working people in Northern Ireland have been deprived of every vestige of Liberty. They are :-

- (a) Virtually Disenfranchised.
- (b) Denied the Right of Free Speech.
- (c) Arrested and detained without charge or trial.
- (d) Exiled from home because of constitutional opposition to the Political Party in Power.
- (e) Humiliated and Provoked day in and day out obviously with a view to driving them in desperation to defend themselves and their families. The full weight of Party armament can then be used "to maintain order" and—the British Army can be involved.

*These things are being done by the Northern Ireland Government—
In your name. With your money. With the backing of British Arms*

End the Tyranny— by Ending the Partition of Ireland
Create Peace and Friendship
in the British Isles— by Ending the Partition of Ireland
Help the British Government
to demonstrate its sincerity for peace by Ending the Partition of Ireland
