Copy of letter sent to Manchester and Liverpool.

A Chara

Our office has been notified to-day by 'phone of the Anti-Partition Committee's agreement to the Provisional National Executive's request for a financial guarantee of a sum up to £200, towards paying for the services of two Organisers, who are to cover the Manchester and Liverpool Zones respectively.

I thought I would let you know of the Committee's welcome decision without delay, particularly as I understand that Dublin is anxious that the respective organisers should begin operations as from Monday next.

I shall communicate with you further when I receive written confirmation of the foregoing. Meanwhile, kind regards and best wishes for the success of the good work in the Manchester Area.
in the Liverpool area.

Hon. Secretary of the
National Provisional Executive
