SO, YOU TEACH INTERNATIONAL SECURITY AND DISARMAMENT?

VICE-CHANCELLOR

YES - BIOLOGICAL SECURITY, THE BIOLOGICAL AND TOXIN WEAPONS CONVENTION...

I TEACH ENVIRONMENTAL HEALTH BUT I LEARNED ABOUT DELIBERATE DISEASE AS I WAS WORKING ON THE NEW COURSE.

VICE-CHANCELLOR

I HOPE THAT THE NEW MASTER'S COURSE GETS APPROVED.

THE NEW COURSE SYLLABUS COVERS RESPONSE TO SUSPICIOUS BIOLOGICAL EVENTS.

DO YOU PLAN TO USE OTHER TRAINING STRATEGIES BESIDES LECTURES?

PARTICIPANTS WILL MAINLY WORK IN TEAMS TO SOLVE CASE SCENARIOS.

WE CAN ORGANISE AN INTERACTIVE SEMINAR TO LAUNCH THE COURSE.

PROFESSIONALS FROM DIFFERENT SECTORS CAN TAKE PART - HEALTH, POLICE, DEFENCE, INDUSTRY...

WE CAN ALSO OFFER REGULAR SPECIALISED TRAINING FOR THESE SECTORS.

WE SHOULD ADD THE COURSE ON INTERNATIONAL DATABASES AND LIAISE WITH RELEVANT BODIES: WHO, BTWC, UN FAO, OIE...
