

From the Irish Centre point of view this is a quiet time of the year but for you it is quite a busy one. At the outset may we wish you a very happy holiday. You will need those few weeks away from "it all".

Some of you will know that we put on an extra Mass on Sunday evenings at the same time as the Mass down in the hall. We find now that this has not solved the problem now what we will do instead is have one evening Mass at 5. 30p.m. and the last Mass at 6. 30p.m. We will start in September.

Our little Chapel here at the Centre needs a face lift. We feel that many of our members would only be too pleased to help paint it and make it very nice. If any of you can give advice on colour schemes we would like your advise..We know you all would give a hand at the actual work. All you have to do is let us know by phone. But above all we must get the proper advise on the job. This is God's house and therefore it must be done very well and properly. This, by the way, is Voluntary.

Also another part of the premises which needs doing is what we call the public bar. So perhaps we can do the lot at once

Our Summer Fair is being held on September 20th in the Regent Rooms in Camden Town. We realise you are off on holidays but you may very well be able to pick up some valuables on your tours.

Wishing you all happy holidays and Blessed ones.

Fr. P. Sheridan O.M.I.
