Dear Barry,

Thanks for the "dope" duly received this morning, it is certainly fair by comparison. There is just one thing missing for my special purpose & that is instances of discrimination against Catholics in the six Counties or disabilities of Catholics there. e.g. Sir Dawson Bates' fustories.

You will understand that the thoughts of Columbia Bar politics at Council meetings; only the Catholics interest may be stressed. I am trying to get members of other Councils to address their Council meetings so of course the duty would be useful to all of them.

Yours sincerely,
A. J. Quinn.
