Dr. E. P. Carey,

Dear Ned,

Thanks for the ill-written sheet which you returned this morning containing some highly offensive, if not libellious remarks. We shall probably be able to clear the whole matter up as soon as Reidy returns his receipt book.

I send you herewith a copy of the appeal which we are sending out, also 50 sheets of our very precious note paper which I advise you not to waste or you won't get any more.

I was surprised this morning when I received no bunch of cheques from you, but no doubt they will come in tomorrow morning. I am keeping all the doctors out of my list for the present and I hope that you are not writing to any but doctors in case there may be any duplication

Yours sincerely,
