

23rd June 1929.

Acapa ' In view of the fact a branch  
of the A.P.I. League is being formed in  
the district in which I live, I have  
tendered my resignation as a member  
of the Committee of the Balham branch.  
I regret having to do so but  
distance etc have made it almost  
impossible for me to serve the  
League as I would wish.

Yours,

William of Somerville
