Assistant Secretary,

Anti-Partition of Ireland League,

[REDACTED]

15. 3. 89.

Dear Messrs. Walsh,

Clif Murphy has written to say that the Gaelic League of Hammersmith would be willing to let us have their hall on any Monday, Wednesday or Friday for our first meeting. I enclose his letter. Our enquiry was only verbal so possibly an official request should go in from you.

I am enclosing a list of

people who could be invited to the meeting,
with a note of those who have already
been sounded on the subject and are
willing to co-operate in some way.

In the meantime I shall try
and interview, or get Barrer or Murphy to
interview, the remainder, so that we shall
have a fair knowledge of their capabilities by
the time of the meeting.

I do not know what
arrangements you will make about "chairman";
whether the Secretary will take it or whether we
should ask one of the local people such
Callanan or Dundon. Anyway we await
your instructions.

I think that Wednesday - week 22nd
would be the best day.

Of that list of people you sent
me I interviewed Egerton and found that
he knew nothing of A.P.L. not even that his
name had been sent! I am not sure
that Fr. Ryan should be invited to the first
meeting. I haven't spoken to the remainder
but will.

With best wishes,

Desmond Heames.

P.S. I hope to supplement the list in a day
or two.
