

16th May, 1939

P.O'Leary, Esq.,

Dear Mr. O'Leary,

Many thanks for your letter of May 15th.

In regard to Dr.O'Donnell I am afraid that I was under the misapprehension that you had given me his name. Fortunately, I did not mention you name when I wrote him so that there will be no misunderstanding on his part. Incidentally, I received no reply from him. In regard to the points which you raised in the remainder of your letter I feel myself that they would be best answered at a meeting. I take it, however, that you know the history of the League in the sense that you know who are in it, and who started it etc, so that it is the question of the policy and methods of the League which you want answered. If you would be good enough to NAME some evening next week I shall go out and see you and in the meantime I shall have an opportunity of consulting some of the officers and members of the Council about the questions which you have raised.

Yours sincerely,
