

April 14th 1939

P.D. Carey, Esq.,  

A Chara,

Enclosed find a report of the Conference of Delegates of the Anti-Partition of Ireland League from Glasgow, Manchester, Liverpool and London held in London on Sunday, March 26th 1939. A similar report is being sent to the Manchester and Liverpool branches, and I think that you will find that it covers every matter discussed at the Conference. I am preparing a fuller report for the Conference proposed to be held on April 23rd next, but I am anxious that you should look over the enclosed and see if I have omitted or misinterpreted any decisions.

As you can see from this report I was asked to define the limits of the zones of organisation in Great Britain allotted to each of the four centres. There is no necessity for me to define the limits of your zone, as it was agreed that Glasgow should take all Scotland.

The Hon. Secretary of the Provisional National Executive, Mr. Hickey, will be writing to you in the course of the next few days to submit a draft of the Agenda for the forthcoming Conference on the 23rd inst. for your consideration and will also submit a draft of the terms of membership of the League in accordance with paragraph six, page three of the enclosed.

I hope things are going well with you in Glasgow. All our energies here are being devoted to founding more

branches and raising finance. I hope I shall have the pleasure of seeing you on the 23rd.

is mise le meas, meas,

Organising Secretary of the  
Anti-Partition of Ireland League.
