Dear Billy Walsh:

I have looked up the son of  
the Army General for all India to  
say "the similarity between our  
business is exact; you have not  
what we do today at all."

I had a long talk with  
him about his job & thinking  
that the latter might be the  
best certain question

name of Arthur Adcock  
This is a big thing &  
I can be sure of it  
Yours most sincerely,  
W. Walsh
